"Cardio Cocktail™ combines the massive scientific evidence backing the healing powers of arginine, with the strong testimonials coming from around the world on therapeutic properties of açai, mangosteen and goji. The results have been extraordinary. This is one blockbuster product!"

-Harry Elwardt, ND, PhD

"Cardio Cocktail™ is a one-product REVOLUTION! In just one tasty ounce you get all the vascular benefits of 5,000 mg of arginine, oral chelation, and omegas. All this has been put in a base of some of the most potent antioxidants known. In addition, the vitamin D is a major contributor to overall health."

-Elizabeth Owings, MD

"I have never seen a product with so many incredible action-packed ingredients in one bottle. And, to top it off, it even tastes good! I love to tell my patients about it and to see many lives restored to health and vitality. I feel honored to be a part of this great company."

-Sandra C. Denton, MD

"My personal experience with Cardio Cocktail™ can be summed up in one word--ENERGY! I take my Cardio Cocktail™ every day to keep my energy high. My mental acuity and alertness has been enhanced dramatically. Thank you ForMor for such a wonderful product. I recommend it to everyone."

-Jerry W. Register, DC

"This product represents the most significant breakthrough in a nutritional product I have ever seen. The science and research supporting the ingredients in Cardio Cocktail™ is staggering. I have been using L-Arginine in my medical practice for over a decade with tremendous results. More importantly, I believe I owe a great deal of my personal health to L-Arginine supplementation."
