

OUR VISION

Our goal is to live free and help others do the same. We believe that the world needs more companies whose goal is to make a difference, not just money. Even though we have a vision to help millions of people around the world to live more free, we believe that is best done by providing great products people want to share, giving people a realistic opportunity to make some extra money and providing inspirational training designed to help people be better moms and dads, not better salespeople. We have also dedicated a portion of our profits to helping eliminate human trafficking. For us, [LIVE.FREE] is more than a slick marketing slogan...it's a way of life.

DEFINING FREEDOM

Our goal is to live free and help others do the same. There are many different ways to define freedom. Those definitions may change over time. For many, freedom is:

- Getting out of credit card debt
- Taking really cool family vacations
- Being able to give more to charity
- Replacing an income
- Spending more time with family

With ForMor, you can have the freedom to do these things and more. We give you the opportunity to live life on your terms. To us, the best definition of freedom is yours!

OUR FOUNDER

As a newly married, young father, working full-time in the Army, I was in a very typical financial situation. I had barely enough income to get by. But, I took advantage of an opportunity to start a part-time business from my home. Over the next few years, I made enough money to do this business full-time. In time, I was able to get financially free.

Then, in 1996, we founded ForMor International with a dream to help other people just like me achieve the same freedom. We market great products, provide an achievable plan for part-time people to succeed and deliver the service and support necessary to make it happen.

Today, ForMor helps anyone with desire, to have a better way of life. Our desire is to help people make extra money on a part-time basis and as they succeed they have the option to dedicate more time and make even more money. If you are ready to make a change in your financial future, we invite you to join us today.

OUR OPPORTUNITY

Virtually everyone wants the financial benefits that a growing marketing organization can provide like: more money to pay bills, extra money for vacations, private school for the kids, or escaping the rat race. And, even though some do, many people have never experienced those benefits first-hand.

We learned that:

- 95% of all the people who join are part-time
- 95% are not professional salespeople
- 95% do not believe they can build a large group

So, we created a revenue-sharing plan that allows part-time, non-professional salespeople who may not build a large group, to succeed. At the same time, we created a great opportunity for those who want to build a full-time income.

THE PLAN

Our plan focuses on what 95% CAN do. In order to qualify, just purchase at least 100BV in products each month. BV is the number we use to calculate your share of the revenue. Each product has a corresponding BV.

Look at what a small group with 4 people who each get 4 people, produces, when each person buys at least 100BV in products each month:

And if you can make \$700 a month, you can make more. We have only talked about the first couple of levels of revenue sharing. There are ten more levels available. So, whether freedom for you would take a few hundred dollars a month or more, we have everything you need in order to have a great experience with our company.

THE VALUE

It's easy to lose sight of an extra \$700 a month. An extra \$700 a month can help the typical person get out of credit card debt in a short time. An extra \$700 a month can pay for a new car AND insurance. It can help pay for private school for the kids or a really cool family vacation.

How much money would you need to have in the bank in order to earn an extra \$700 a month? Well, @ 5% interest, you would need over \$100,000. That's a lot of money. Which do you think is easier, scraping together a hundred grand, or, working with us?

So, what would an extra \$700 a month mean to you? More importantly, what do you think an extra \$700 a month could mean to some of your friends or family? People are struggling right now and this could mean the difference between staying in their home or losing it.

And getting started is easy. Just go to ForMor.com, click "Join" and follow the easy steps. Then use the products, share them, and be rewarded. Along the way, we will let you know what steps you need to take in order to benefit the most. We invite you to join us on a mission to help people live free and it starts by getting you free first. Let's do this together!
